EDUCATION

CALTECH

BS IN BIOLOGY AND

COMPUTER SCIENCE

Present | Pasadena, CA

Expected Graduation: Jun 2020

Cum. GPA: 4.0 / 4.0

COURSEWORK

UNDERGRADUATE

Biology

Regulation of Gene Expression

Cell Biology

Genetics

Bioinformatics (*Planned*)

Biomolecular Computation (*Planned*)

Computer Science

Programming Methods

Decidability and Tractability

Communication Networks

Algorithms

Learning systems

SKILLS

PROGRAMMING

- Python
- Javascript
- HTML/CSS
- C, C++
- Matlab
- R

SOFTWARE

- Docker
- Django
- Apache Airflow
- AWS S3, Batch, DynamoDB
- Elasticsearch, Grafana
- React.js
- CI/CD
- Celery, RabbitMQ
- Numpy, Pandas

DATA ANALYSIS

- RNA-seq (QC, Kallisto, Sleuth)
- Bootstrapping (*significance testing*)

MOLECULAR BIOLOGY

- PCR
- Cloning
- Purification

PROJECTS

COMMON CELL ATLAS | SOFTWARE DEVELOPER, CALTECH

Sept 2019 – Present | Pasadena, CA

- Repository for all the world's single-cell RNA-seq data.
- Arbitrary aggregation and comparison of data across multiple datasets.
- Uses a variational autoencoder to simplify multi-dimensional data.
- Web application written in React.js.

NGS PIPELINE | SOFTWARE ENGINEERING INTERN, GINKGO BIOWORKS

Jun 2019 - Sept 2019 | Boston, MA

- Migrated in-house NGS pipeline to the cloud (AWS S3, Batch, DynamoDB).
- Implemented pipeline metrics collection with Elasticsearch and Grafana.
- Implemented contamination screening via taxonomy analysis with Centrifuge.

ALASKA | FULL-STACK DEVELOPER, CALTECH

Jan 2017 - Aug 2019 | Pasadena, CA

- Developed a framework for automated, complete RNA-seq analysis.
- Parse Server backend. Frontend portal in Javascript, HTML/CSS.
- Presented a poster at the 21st International *C. elegans* Conference.
- Available at <http://alaska.caltech.edu/> and source code on Github.

RESEARCH

PACHTER LAB | UNDERGRADUATE RESEARCHER

Oct 2019 – Present | Pasadena, CA

Working with **Sina Booeshaghi** and **Prof Lior Pachter**, along with Caltech Data, on the Common Cell Atlas (above).

STERNBERG LAB | UNDERGRADUATE RESEARCHER

Jan 2017 – Jun 2019 | Pasadena, CA

Worked with **David Angeles PhD.** and **Prof Paul W. Sternberg** on bioinformatics and molecular biology projects involving the model organism *C. elegans*, most notably Alaska (above).

EXTRACURRICULARS

YEARBOOK | BUSINESS MANAGER, DESIGNER, PHOTOGRAPHER

Sept 2016 – Present | Pasadena, CA

Worked on the yearbook, *The Big T*, as business manager, designer and photographer. Established a new advertisement system, shared cloud storage system, job organization and assignment system, and payment reimbursement system. Designed pages and took/edited photos with Adobe software.

HEALTH ADVOCATE | EMERGENCY MEDICAL RESPONDER

Sept 2017 – Present | Pasadena, CA

American Red Cross certified emergency medical responder and basic life support provider. Worked as the dormitory health advocate and provided first aid to students.

AWARDS

- 2018 Samuel P. and Frances Krown SURF Fellowship
- 2017 SURF Fellowship
